- Sustainable community development

About

Janseva was founded on 24th April 1996 as a non-government organization with a mission of assisting the tribal population in Yavatmal district of Maharashtra in the field of education and rural development. In 2007 it extended its work beyond our home district. Our primary focus is on empowering the vulnerable section of the community, more particularly the women, elderly and children. Janseva is thriving to enhance the quality and dignity of lives.

Janseva GraminVikasVaShikshan Pratishthan, meaning society for rural development and education, is a development organization was founded with the central goal to bring women and the marginalised population into the center stage of local governance and development processes. Janseva is playing a key role as a facilitating organization opens up strategic spaces for participation of grassroots women's collectives on one hand, build and strengthen organizational capabilities through self education, participation in local planning and governance mechanisms, demonstration and scaling up of initiatives and forging resource linkages with institutional actors.

We work with government bodies, international organization like UNICEF, Indo-German Watershed Development and NABARD in various initiatives in empowering women, reducing the rate of school dropouts, improving farm practices and strengthening grassroots organization with a view to fostering sustainable development and improving livelihoods. We have been an active partner with NABARD in developing watersheds in Chandrapur, Yavatmal and Wardha districts.

A distinguishing feature of Janseva is the strong grassroots level field network with a vast base of knowledge of local resources. This is supported with a managerial team endowed with wide variety of conceptual and management skills for project planning, implementation, monitoring, and evaluation

Vision

Our vision is to build just, enlightened, healthy, democratic and empowered society free from all forms of exploitation. We plan to achieve this vision through promotion of appropriate local level institutions rooted in the Gandhian values of justice, equity, fairness, trust and mutual support.

Mission

Our mission is building a healthier and more just society for our future generation
